## Dewey Plans \$36,200,000 Hike in Aid to Localities

By HENRY LEADER

Albany, N. Y., Dec. 31 (AP)—Governor Dewey will strike back at Democratic criticism of his record on State Aid to localities by submitting to the 1946 legislature a permanent program embodying new principles and an increase of at least \$36,200,000 over the amount distributed in 1944.

The plan, prepared by the Moore Commission and soon to be presented to Dewey and the Republican-controlled legislature for expected early enactment, would:

- Abolish the century-old practice of distributing shares of specified state-collected taxes to communities under a variety of formulas and substitute a system of apportioning assistance on a per capita basis.
- Increase state aid for welfare to a point where localities would have to pay only 20 per cent of the total costs.
- The intended effect is to help localities stabilize their finances and reduce the tax load on real estate.
- To accomplish these purposes the program provides that a permanently fixed sum be allocated to the state's subdivisions in addition to what they now receive in aid for education and what is planned for them in arterial highway construction.
- A stabilization reserve fund would be created from the revenue from state-collected, locally-shared taxes. This fund would be drawn on, if necessary, to meet the state's obligations to localities. In such revenue years the fund would be swelled for eventuality in lean years. A minimum level would be established.

probably will exceed \$450,000,000.

In conjunction with the stabilization fund plan, the Moore Commission is expected to recommend that the Governor's budget be submitted in two parts—one dealing with local assistance, the other with state operations.

The new permanent plan of state aid to localities differs materially from the one presented last winter by the same commission only in the proposed method of distribution.

**Big Increase**

The new program would give localities \$35,500,000 in 1946, compared with \$33,100,000 in the 1944 fiscal year that ended March 31, 1945, assuming that the relative factors were the same for both years. Therefore the increase in the lump sum allotment would be \$2,400,000.

The \$35,500,000 would be distributed on a per capita basis except for an estimated \$11,800,000 in motor vehicle and gasoline taxes, to be distributed to upstate counties in the present manner. New York city's share of car and gasoline taxes, estimated at \$5,400,000 would be abolished.

**For Social Welfare**

By assuming most of the costs of social welfare services, as proposed by the commission, the costs of social welfare services, as proposed by the commission, the state would reimburse localities \$33,900,000 in 1946, compared to \$32,900,000 in 1944, an increase of \$1,000,000.

The state would increase its reimbursement for home relief from 40 to 80 per cent. And with some federal help, the state would repay communities 80 per cent of costs incurred for old age assistance, aid to the blind and aid to independent children.

State Comptroller Frank C. Moore is chairman of the 12-man commission that prepared the report.

Leaders of the legislative minority repeatedly criticized the Dewey administration's state aid policy at the 1945 session. With the 1946 gubernatorial election in the offing, the subject is expected to be a hot issue at the session opening January 4.

## Woodstock Church Burns Archbishop Blames Heater

### Woodstock Church Features Described

Saint Dunstan's Was Gothic, Graced by Elaborate Carvings

(The following article was written recently by a World Wide Features correspondent about Saint Dunstan's Church, Woodstock, which was destroyed yesterday by fire.)

By JAY ALAN

Woodstock—Archbishop Francis' cathedral is an old red barn—and it is beautiful. It is Old Catholic, and is called Saint Dunstan's.

I met Archbishop Francis, a clean-shaven, gaunt man, sweating in his grey tunic as he worked among the flowers in front of his strange cathedral near here. I might have met him chasing his nose from the church, or in overalls working in the large vegetable patch.

But this cathedral. Only a large white cross on the roof saves it from being recognized for what it was—a barn. Even a housewife is nailed over the door, which is always unlocked, and which swings wide open in mild weather.

The archbishop asked me inside, past a carved wooden screen, and suddenly we were in a lovely old gothic church. Points of light splashed over the huge, hand-hewn rafters and onto the soft, rich browns of the mellow wood of the seats and altar. The light

### Valuable Possessions Are Reported Lost; Old Catholic Faith Was Embraced

St. Dunstan's Church in Woodstock was completely destroyed by fire Sunday morning, while Archbishop Rt. Rev. William H. Francis was preparing for the morning services. The fire originated from an oil heater which was being used to heat the small basement chapel where services are held during the winter months when it was impossible to heat the larger church which was used in summer.

Not only was the entire church destroyed but Archbishop Francis' lost all of his personal possessions, vestments, a small but very choice library and a valuable Gutenberg Bible and numerous valuable manuscripts which had been presented to him and which he prized very highly.

The Rev. Francis had lighted two oil stoves in the chapel and then had gone out to shovel snow. His attention was attracted to the church which is located in the basement of what was once a large farm barn. On entering the place he found one of the oil stoves aflame. Oil heaters were being used because of inability to get coal delivered to the church for use in the coal heater. On

## Byrnes Says Lasting Peace Will Come From Conference; Plan Already Confuses Japs

Control Plan Is Made Behind His Back and Over His Protest Says Gen. MacArthur

Not Consulted Press Information Is Chief Commander's Only Source of News

Tokyo, Dec. 31 (AP)—Sources close to General MacArthur reported today that the Big Three's new control plan for Japan already has caused confusion among the Japanese and may cause the General to lose face in a country where face is all important.

The control plan, which MacArthur bluntly stated yesterday had been made over his protest and behind his back, may result in a slackening of Japanese efforts to put into effect directives already issued—and which they had accepted only slowly and grudgingly—the sources said.

MacArthur's 150-word statement said "the statement attributed to the Far Eastern (Press) Officer (Thomas Blake in Washington) that I did not object to the new Japan control plan before it was approved at Moscow is incorrect. On October 31 my final disagreement was contained in my radio to the chief of staff for the Secretary of State, advising that the terms 'in my opinion are not acceptable.' Since that time my views have not been sought."

**Was Not Consulted**

The General also denied that he had been consulted during the Moscow conference. However, he concluded that whatever the merits or demerits of the plan x x x the issues involved are too vital for the future of the world to have them bog down x x x it is my fervent hope that there will be no insuperable obstacles x x x it is my full purpose to see it through."

A headquarters spokesman said MacArthur "did not even know Japan was being discussed at Moscow until he saw it announced in the daily press."

MacArthur received his first word of the Moscow decisions from the Associated Press, which delivered its report of the communiqué to him. Hours later, the complete text came through.

The Moscow plan created a four-power council of the United States, Britain, China and Russia to advise MacArthur and review his actions and set up an 11-nation commission to fix policies concerning Japan. The council has power to veto his policies. Although the General did not so state, it was believed here that his objection principally was to the veto power.

**Was Sole Authority**

Ever since occupation troops landed, MacArthur alone has issued orders to Emperor Hirohito and to his cabinet. It was no secret that he received his orders from the Allied joint chiefs of staff, but the Japanese knew that in Tokyo he, as supreme commander for the Allied powers, was their sole source of authority. That was sufficient to give him face.

Should the Nipponese get the impression that his power has been reduced, informed sources say he would lose face.

In Washington, the Republican whip, Senator Wherry of Nebraska, commented that the Moscow plan "is going to stymie General MacArthur (who) has done a wonderful job in Japan."

Chairman Elbert Thomas (D-Utah) of the Senate Military Committee said: "I think the plan worked out in Moscow was an exceptionally fine one x x x MacArthur has done such a great job in the past there's no doubt he'll do just as good a job in the future."

## Hitler Leaves Hate Legacy, Urges Creed Against Jews

One Change Only Is Expected in City Departments

Culliton and Kelly Are Mentioned to Succeed Ewig as Corporation Counsel

It is understood that when Mayor W. F. Edelmuth files his list of appointments for 1946 with the Common Council at the annual meeting New Year's morning there will be only one change made in the mayor's cabinet, that of corporation counsel.

Arthur B. Ewig, who has been serving as corporation counsel, is not slated for reappointment. Among those who have been mentioned to replace Mr. Ewig, are Judge Bernard A. Culliton and William A. Kelly.

It is expected that the mayor tomorrow will announce the reappointment of William C. DeWitt as city historian; Leo P. Fennelly, city clerk; Norman J. Markle, deputy city clerk; William B. Byrne, city treasurer; James H. Betts, city assessor.

The mayor will also reappoint members of the various boards whose terms have expired.

## Council Will Hold Meeting Tomorrow

Aldermen Will Organize for 1946-47; Democrats Are in Control

Kingston's 1946-47 Common Council will meet and organize at the annual meeting on New Year's morning at 10 o'clock in the council chambers in the city hall, at which time the annual message of Mayor W. F. Edelmuth will be received.

The new council will be Democratic-controlled, standing six Republicans and seven Democrats.

Alderman-at-large John J. Schwenk has announced that the various committees will be largely Democratic in membership.

The Republican members of the council will be Aldermen Paul A. Zucca, Herman Roosa, Edwin H. Sammons, Joseph Bruck, Eugene Cornwell, Victor H. Roth, John Huboltz, Joseph Amato, Peter F. Simpson, Thomas Coughlin, Frank Oulton, James J. Carroll and Vincent Fallon.

The present members of the council who will serve for the ensuing two years are Aldermen Zucca, Bruck, Cornwell, Roth, Simpson, Coughlin and Carroll.

## Six-Billion Tax Aid to U. S. Business Effective Tomorrow

Washington, Dec. 31 (AP)—The government tomorrow hands the country a \$6,000,000,000 incentive to expand business activity.

The 1946 tax law, providing the first general cut in taxes since 1929, was written deliberately to encourage spending for reconstruction and high peacetime production.

Federal officials forecast that it would bring a modest but noticeable upturn in the flow of civilian goods into the stores, because after midnight the producers will keep more of their profit from sales. This results from repeal of heavy excess profits tax.

Corporations will get a total tax cut of \$3,136,000,000—a sizeable slice which the government hopes will be plowed back into the making of more goods and more jobs.

Individuals will benefit by a total of \$2,864,000,000, through cuts ranging from 100 per cent for some 125,000 low income persons to 10 per cent of more for the average taxpayer. This will bolster

Assures Nation in Report That Machinery Set Up in Moscow Will Not Stall MacArthur

## 'Going to London'

Secretary Ignores Note From General Which Clears Him

By GRAHAM HOVEY

Washington, Dec. 31 (AP)—Secretary of State Byrnes prepared today for his fourth trip abroad in six months after telling Americans why he believes his third trip contributed to lasting peace.

Also in his radio report last night on the Moscow conference of foreign ministers, Byrnes assured the nation that new international machinery set up for control of Japan will not obstruct "the outstanding and efficient administration" of Gen. Douglas MacArthur. It will, he insisted, leave the United States in a top policy-making role.

The cabinet officer ignored a tartly-worded statement MacArthur issued in Tokyo earlier in the day in which the supreme commander said he had not been consulted during the Moscow talks and declared: "I have no iota of responsibility for the decisions which were made there."

**Describes Procedure**

Speaking from the conference room of the State Department, Byrnes described how this country, Russia and Britain reached agreement on issues involving Japan, atomic energy, peace treaties, China, Korea, Rumania and Bulgaria.

He said too he and Foreign Minister Bevin of Britain and Molotov of Russia almost agreed on a three-power commission to study problems of troubled Iran. He added he was "not discouraged" by the near-miss.

He might have said they will have another opportunity to agree on an Iranian policy in London at the first meeting of the United Nations assembly next month. That will be conference No. 4 for Byrnes in the half-year. He has held the top cabinet position.

The Iranian government said it will lay before the assembly its charges that the Azerbaijan revolt was assisted by Russian occupation forces.

Byrnes will fly to London for the opening assembly session January 10.

**To Meet Truman**

The radio address topped a week-end in which Byrnes returned by plane from Moscow Saturday noon, took off again four hours later for Quantico, Va., for a talk and dinner with President Truman aboard the presidential yacht Williamsburg and then returned to Washington to begin work on his 3,500-word radio text.

In it, the secretary declared frankly that some of the Moscow decisions "do not go as far as I should have liked." But he emphasized his belief that the agreements reached "should bring hope to the war-weary people of many lands."

**He Also Expressed Confidence**

in the cumulative value of Big Three foreign ministers' meetings. The next one is scheduled to be held in Washington at an undecided date.

Byrnes went into greatest detail on the two Moscow decisions most discussed in Washington—the plans for governing Japan and controlling atomic energy.

**Deals With Japan**

Of Japan, he said this country from the very beginning had planned to make control of that defeated nation an Allied responsibility. He supported his contention that the 12-Nation Policy Commission and the Four-Power Control Council would neither minimize the U. S. role nor hamstring MacArthur by asserting that.

Because of the Big Four veto power on the commission, no basic Allied policy for Japan can be adopted without American approval.

The U. S. retains power to issue interim directives to MacArthur on a wide variety of matters if the commission has not acted on them.

Despite the Tokyo Council, MacArthur's administrative decisions are controlling on all matters except those dealing with changes in the control of Japan; fundamental changes in Japanese constitutional

**Turkey for New Year's**

Shanghai, Dec. 31 (AP)—U. S. Army personnel in this area went without turkey Christmas but enough is available to pile each man's plate with one pound for New Year's Day feasts. Quartermasters, unable to find turkeys in China at fair prices, sent a rush call to Washington. Some birds were flown in and the Navy supplied the balance from refrigerated ships. The New Year's Eve curfew was extended to 2 a. m. to give Americans a couple more hours for celebration in this night spot studded city.

## Flashes of Life Sketched in Brief

### Poor Example

New London, Conn., Dec. 31 (AP)—New Londoners took heed, apparently, when City Manager Edward Henkle broadcast a warning over a local radio station yesterday that prosecution faced anybody who neglected to shovel the snow and ice from his sidewalk. A pedestrian who walked through the downtown area late last night reported he had to wade through snow in only one place—the unshoveled sidewalk in front of the city hall.

### Normal These Days

San Francisco, Dec. 31 (AP)—Lt. Col. John Galloway of Wichita, Kas., an army public relations officer, telephoned a railroad office to find out about a train his wife, Elizabeth, was arriving on. "Is that train normally on time?" asked John. "Normally, yes," replied the information clerk, "but it hasn't been for four years."

### Fighting Double

Leavenworth, Kas., Dec. 31 (AP)—The war record of the 23-year-old twin Sebers, Byron and Bernard: Enlisted in the air forces together, trained in Texas and Ohio together, went overseas together, participated in the Bismarck Archipelago, New Guinea and Philippine campaigns together, were awarded the same ribbons, were together on Okinawa when the Japanese surrendered, returned to the United States together, were discharged together, and returned to their home in Leavenworth together.

### Cub in Clink

Chicago, Dec. 31 (AP)—Policemen Patrick Gilhooley and Thomas McGlade, responding to a call to investigate a prowler on a west side apartment porch found a pugnacious year-old black bear cub.

The bear reared up and pummed a few punches at the policemen. But they roped the cub and took it to the Austin station.

James Downey, who claimed the runaway bear, asked Gilhooley how police had kept the cub "so quiet here in jail."

"That's easy," said Gilhooley, "we've got a 'Tarran' here—Policeman Walter Tarran."

### Rail Smeller

Milaca, Min., Dec. 31 (AP)—Joe Schmidt, suffering from a head cold and watery eyes, was quite certain that the strange animal he spotted running for cover under a woodpile was a mink.

Joe investigated, quickly discovered he was wrong. He killed the animal, a givet cat, related to the skunk and equally ill-smelling. Schmidt got 75 cents for the pelt, but his dry cleaning bill will be several times that amount.

Penicillin likely will be incorporated in popular toothpastes, lipsticks and throat lozenges, according to a Paris medical journal. This will enable the public to buy its share without the necessity of obtaining a doctor's prescription. The journal points out, however, that such penicillin will be in crude form. The drug in its refined form will still require a prescription.

## Stark Says Kimmel Had Warning About Pearl Harbor

Washington, Dec. 31 (AP)—Admiral Harold R. Stark asserted today that Adm. Husband E. Kimmel, Pacific Fleet commander at Hawaii, was amply warned to be on guard before the Japanese struck Pearl Harbor December 7, 1941.

The 1941 chief of naval operations began his story of pre-war events when the Senate-House committee investigating the Japanese attack resumed its hearings after a week-long Christmas recess.

Stark was called to the stand and indicated that the committee will take still another recess—possibly as long as 30 days—to find new counsel. The legal staff which has aided in the inquiry since it began in mid-November has announced intentions to quit, possibly after examinations of Stark.

Along with a 25,000-word statement from Stark, the committee received voluminous correspondence during the months before the Pearl Harbor attack plunged the United States into war.

From Stark and these records, the investigators learned that:

1. Stark felt that neither Congress or President Roosevelt fully supported his efforts to bolster the strength of the fleet before the war.
2. At the time Germany attacked Russia, Stark urged American entry into the war and at the same time expressed hope that Russia and Germany would "exhaust themselves" in conflict. A Communist-dominated Europe, he wrote then, was "no more an attractive picture" than a Europe ruled by Nazis.
3. President Roosevelt issued instructions on May 22, 1941, to get an expedition of 25,000 men ready to sail in 30 days to seize Portuguese-owned Azores in the Atlantic.

## Used Car Prices Will Drop Four Per Cent

Washington, Dec. 31 (AP)—Used car ceiling prices takes a four per cent drop tomorrow under O.P.A. regulations designed to cover depreciation.

As an example, the top legal price of a 1940 Ford V-8 DeLuxe Tudor Sedan sold "as is" will drop from \$534 to \$509 in the east.

O.P.A. has ordered the four per cent cuts every six months.

## First State Loan For Low Housing Goes to Freeport

Albany, N. Y., Dec. 31 (AP)—The first state loan for a low-rent housing project on Long Island outside the New York city limits was approved today in a \$714,000 grant for construction of a 100-family development in Freeport.

The project, for which State Housing Commissioner Herman T. Stuchman approved the loan, will comprise eight apartment houses on two city blocks in the Bennington Park area.

Deputy Housing Commissioner Paul Kelly described the project as "the first step in the elimination of a slum condition which has existed in Freeport for more than half a century."

Lately said veterans and families now living on the site would be given preference when the project is completed.

Date for beginning construction will depend on availability of materials and of other housing for displaced tenants.

Under Governor Dewey's state-wide permanent housing program money lent by the state for housing projects must be spent in conjunction with community development.

## 4 Crew Members Are Freed; Fifth Still in Custody

Washington, Dec. 31 (AP)—The War Shipping Administration says that four members of a Liberty Ship crew held in connection with the fatal shooting of Capt. Austin Fithian had been released, but that a fifth was still in custody.

The merchant marine skipper's widow, Mrs. Jane Thompson Fithian of Lynbrook, N. Y., said on December 15 that she had been advised of her husband's death and that five members of his crew were being held at Manus, in the Admiralty Islands. She said she received no other details.

The War Shipping Administration said disciplinary cases involving merchant seamen are up to the Coast Guard to handle. Inquiries at the Coast Guard brought the response that no direct report had been received in the Fithian case.

The procedure, Coast Guard officials said, is to return suspected offenders to the United States and deliver them to the nearest Federal district attorney for prosecution.

## Three Hang in Moscow

Moscow, Dec. 31 (AP)—Two German generals and a non-commissioned officer were hanged in the public square in Bryansk four hours after a military tribunal had found them guilty of the mass torture and murder of Russian civilians and Red Army prisoners. Those hanged were Lt. Gen. Friedrich Gustav Bernhardt, Maj. Gen. Adolf Hanman, former commandant of Orel, Bryansk and Bobruisk, and Cpl. Martin Lemmer.

## Woodstock Church Burns Archbishop Blames Heater

Continued from Page One

discovering the oil heater in flames, Father Francis took a fire extinguisher which was in the premises and turned it on the flaming stove.

### Said Flames Scattered

It is said that the flames seemed to scatter when the extinguisher was turned on and Father Francis went to the Mine residence nearby to send in an alarm. Woodstock and Centerville firemen responded immediately but by the time the apparatus arrived the tinder dry structure was enveloped in flames and it was impossible to save anything.

Miss Alice Wardwell, a member of the congregation, spoke today of the destruction of the church as "one of the most beautiful things we had in Woodstock." After the fire Archbishop Francis remained at the Wardwell home, later going to Zena. What plans for the future are will not be known for some time. The members of the congregation are not numerous but the congregations at the quiet little chapel were frequently quite large, as many people from Kingston and other distant points came to attend the services at the church. In summer attendance at services was quite large and the quaint church was visited by people from all over the county.

About six or seven years ago Archbishop Francis took over the building which was an old barn. With his own hands he created a beautiful structure, handsomely carved and elaborately appointed. In summer the upper portion of the building was used for services and in winter the congregation moved to the basement which it was possible to heat. The archbishop occupied a room in the basement where he lived and maintained his study. Mrs. Francis resided in a small building some distance from the church structure, a building which had been made from the old farm carriage. This building was not destroyed and Mrs. Francis did not suffer loss of her personal possessions.

### Did Woodcarving Alone

All of the wood carving in the building had been done by Rev. Francis himself. He possessed great ability in this art and much of the carvings were done in the old original timbers of the old barn. The altar in the church had been carved by hand and many artists who had visited the place marveled at the wonderful work which had been done single-handed by Rev. Francis.

When the firemen arrived they found the flames had gained such headway in the dry timbers that it was impossible to save any portion of the building which was owned by Mrs. Nelson Parker who had leased it to the congregation. It is not likely that services will be resumed this winter. Miss Wardwell said, because of inability to secure suitable place and the future of the congregation is at present uncertain.

St. Dunstan's Church under the guidance of Archbishop Francis was unique not only in its structural make-up but in its religious belief. Members of any creed were welcome. Mass was said in English and a communion service was held each Sunday. The church was known as the Old Catholic order, which is said to have been established when there came a break with the Roman church and it was said that the Old Catholic order was of Polish origin. There was no concerted drive for funds and Archbishop Francis for this reason had been required to do practically all of the work on St. Dunstan's Church with his own hands.

Prior to coming to Woodstock the Rev. Francis had worked among underprivileged children in Chicago and later came east and for a time was at Greenwich, Conn., and New York.

## Watch Night Services At Shokan Church

An 9 o'clock this evening the Shokan Reformed Church will hold its annual Watch Night service.

A very interesting program has been arranged for the occasion consisting of special vocal and instrumental selections by members of the Church Choir.

From 9 to 10 o'clock there will be a group of songs by the congregation including several numbers by the choir.

From 10 to 11 o'clock the Ladies' Aid of the Church will serve refreshments and we will have a time of fellowship in the church basement.

At 11 p. m., the congregation will again go into the Church auditorium where the time will be spent singing additional numbers. There will be a message from visiting Ministers and the Pastor.

## Theatre Holdup

New York, Dec. 31 (AP)—Two youths described as 16 or 17 years old obtained \$10,500 in a holdup of the executive office of the Astor Theatre, Broadway and 45th street, last night. Police said 2,000 persons were in the theatre when the youths, armed with pistols, entered the office behind the stage and forced Mrs. Alice Kantor, theatre cashier, to remove the money from a safe.

## Held for Grand Jury

Bernard Maines, 36, of 95 DeWitt street, was held to await the action of the grand jury on a charge of attempted burglary at the Dwyer Brothers store on West Strand, when arraigned in police court today. According to the police report Maines is accused of breaking one of the store windows.

## Three Days in Jail

Arthur Warner, 48, of White Plains, charged with disorderly conduct by the police, was sentenced to three days in the county jail when arraigned in police court.

## Woodstock Church Features Described

Continued from Page One

came from holes in the high roof.

### Breathtaking Carvings

The carvings are breathtaking—the altar setting, a small balcony, and numerous objects. Most of this carving was done by the archbishop and monks out of timbers in the barn. Today the interior seems to be all one piece of wood.

There are paintings and hand-loomed tapestries. But there are also precious relics: a 13th century and a 14th century woodcarving, the original seal of Saint Dunstan under the altar, the working part of the pipe organ which Queen Anne sent to one of the colonies; a DeLya Latin Bible (1477); part of the first English Bible (Coverdale, 1534); part of the first edition of the King James version, and the Henry VIII Bible.

In the archbishop's study, one sees several masterpieces, including a large painting by Perugino and a small Albani.

It should be explained that the archbishop's Old Catholic faith is different doctrinally from the Latin church. The rites are similar, but Old Catholic services are conducted in English—or the language of the parish. There are 68 such parishes in America.

### Almost Self-Supporting

The archbishop and the three monks occupy quarters in the lower part of the barn. The garden, the chickens and geese go a long way toward making them self-sustaining. The collection plate is never passed at Saint Dunstan's.

The archbishop was born in Nottingham, England, and came to America as a child. He was elected to his rank in Chicago, 1917.

Saint Dunstan's came to Woodstock several years ago and occupied a small, mountainside chapel. It proved inconvenient in winter, and parishioners cast about for a more suitable location. The archbishop said a barn would be just the thing. A year later he had his barn. Construction began in May, 1940.

Sometimes the archbishop's Irish terrier curls up there—and he thinks it not sacrilegious.

Archbishop Francis is a man of strong thoughts, as well as strong hands. He took but two years to build a cathedral!

## Miller Is Held Pending Another Homicide Hearing

New York, Dec. 31 (AP)—Capt. Archie B. Miller, 25, was being held in prison today pending further hearing January 14 on a homicide charge filed against him in the killing of another officer who police quoted his wife as saying had replaced Miller in her affections.

Miller was arraigned on the charge yesterday and the Bellevue, Tex., soldier was returned to the Tombs city prison to be held without bail.

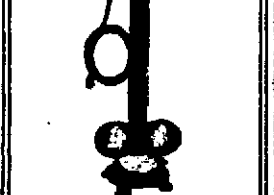

Victim of the shooting was Capt. Eugene Dale, 27, army flier from Enid, Okla., who died Saturday, 31 hours after being shot three times in the apartment of Mrs. Fay Hancock Miller, attractive former nurse and model who came here from Jonesboro, N. C.

Detective John Kennedy said Miller admitted the shooting. Mrs. Miller told police, they said, that she fell in love with Dale while her husband was in Europe and that she hoped to marry him after obtaining a divorce.

## Carl Miller of Wallkill To Wed

New York, Dec. 29 (Special)—Mrs. Linda W. Mudd, a designer residing at 51 West 70 street, New York, and Carl Miller, a farmer, of Wallkill, were issued a marriage license today at the City Clerk's Office here. They did not disclose their wedding plans.

The bride-elect, the daughter of Mr. and Mrs. Karl Weisberg, was born in Estonia. She was divorced in Boston in 1925 from Alexander Mudd. Mr. Miller, also a native of Estonia, is the son of the late Mr. and Mrs. Carl Miller. His former wife, Pauline Miller, died in 1942.

## Times Square Gets Barricades as Big Time Approaches

New York, Dec. 31 (AP)—They put a new face—of two-by-fours and planks—on Times Square today in the hope its customary characteristics still will be around tomorrow.

It's New Year's Eve—expected to be the gayest since before the war—and hardened Times Square, which has withstood just about everything, is taking precaution against the howling crowd that will gather to celebrate the advent of 1946.

The merchants have covered their window displays with boards, ropes, wire and steel grills. Entrances to many establishments have been reinforced to help prevent damage by surging thousands.

More than 2,000 extra police officers will be sent to the Times Square area and a fireman will be stationed at every fire alarm box. All those extra precautions along the Great White Way are typical of what is happening throughout the city as it prepares to celebrate the arrival of the new year with more noise, beverages and laughter than at any time in years.

## Watch Night Service

There will be a watch night program at the St. James Methodist Church tonight at 9 o'clock. At 11 o'clock there will be a religious service in the sanctuary. The minister will bring a New Year's Eve meditation.

## Site Committee

London, Dec. 31 (AP)—The United Nations Site Committee will leave by plane Friday for the United States to conduct an "on the spot" investigation of localities suitable for headquarters of the World Peace Organization.

Night clubs are sold out at the highest prices since before the war. At one new club the minimum is \$75 a couple—and that doesn't include too much in the line of food and drink. It will cost from \$10 to \$36 a couple just to sit down in one of the dozen dining rooms or bars in the famed Waldorf-Astoria.

Waiters, taxi drivers, doormen and all the rest who cater to the merry-makers expect to reap a golden harvest in tips.

Home-Mixed Cough Syrup Gives Quick Relief

**Saves You Big Dollars. And It's So Easy! No Cooking.**  
Here's an old home mixture your parents probably used. But, once tried, you'll always use it, because it gives such quick, pleasing relief for coughs due to colds.  
And it's so easily mixed. Make a syrup by stirring 2 cups of granulated sugar and one cup of water a few moments, until dissolved. No cooking is needed. Or you can use corn syrup or liquid honey, if desired.  
Now put 2½ ounces of Pinex (obtained from any drugstore) into a pint bottle, and fill up with your own in every way.

## Officials Propose Sealing of Mine To Smother Fires

Rescue Operations Would Halt With Fate of 20 Unknown in Pineville Blast

Pineville, Ky., Dec. 31 (AP)—A conference of federal, state and private mine officials early today proposed sealing off the mine near here in which 20 coal miners have been entombed since Wednesday. Sealing off the mine would halt rescue operations. Veteran miners said hope had been abandoned for the survival of any of the trapped men.

This action would leave only seven survivors out of 31 miners trapped by an underground explosion of unexplained origin in the Kentucky Straight Creek Coal Company's No. 1 mine.

Authorities at the conference this morning agreed that sealing off the mine was necessary to smother fires which filled the tunnel with smoke and poisonous gas, driving rescue workers from the scene. The gas was described as being so dangerous that another explosion could occur at any instant.

Harry Thomas, chief engineer of the Kentucky State Department of Mines and Minerals, who called the conference, said he would make an official announcement later today regarding sealing off the mine.

Meanwhile, another of the nine men brought out of the mine has died. He was Tom McQueen, 30, of Magnet, Ky., who succumbed in the Pineville Community Hospital without regaining consciousness.

McQueen, who was married was one of the nine miners found alive in the fire-ravaged pit more than 53 hours after the explosion sealed the men. Another, Albert Bennett, 64, of Pineville, died before he could be brought to the surface.

Bodies of mine foreman Nath Centers, 62, and Hobart Sudridge, 44, were brought from the mine yesterday morning. Both were badly burned.

Central Hudson Declares Dividends; Dates Cited

purchasing power at a time when pay envelopes and salary checks are getting thinner.

The total benefit to taxpayers may be even greater than the official \$6,000,000,000 estimate because of the surprisingly high rate of national income which has been maintained even after the slump in war business.

The official estimate was based on a national income of \$130,000,000,000 in 1946. But the country enters the New Year with its income clipping along at a \$150,000,000,000 rate.

This means that government, industry and the public alike will benefit: the government from bigger revenues than anticipated under the new tax rates, business and the public from the fact that they will make more money than expected and more of it will stay in their tills and pockets.

The extent to which repeal of the excess profits levy will bring new goods to market is debatable. The opinion that some companies have been holding back new products until the tax was removed is almost unanimous in the government.

However, many officials now are convinced that the "holdback" is of less importance than they originally estimated. They now believe they underestimated some of the other problems which caused delays even after production lines were set up.

These include: The desire of businessmen to build up stocks in inventory; the long "pipeline" from factory to store which had to be filled; industrial disputes which impeded the flow of parts to factories; dissatisfaction with price ceilings and the hope that higher ceilings would be granted.

About 50,000,000 taxpayers will benefit from the tax slash. Besides those going off the tax rolls entirely, persons making up to \$50,000 a year will get reductions of 10 per cent or more. Smaller reductions will apply to those making over \$50,000.

In addition to the income tax relief, the public will benefit to the extent of \$140,000,000 from repeal of the \$5 use tax on autos and

structure, or changes in the Japanese government as a whole.

The secretary emphasized strongly that no atomic energy secrets were disclosed at Moscow and that none would be until effective safeguards are set up.

Concession to U. S.

Byrnes said the agreement to hold a general European peace conference before next May 1 was a concession to U. S. insistence that "all states which took an active part in the war should participate in the peace."

He acknowledged, however, that the conference could only make recommendations, to the big powers, who will draft the final treaties with Romania, Bulgaria, Finland and Italy.

The secretary also said he was not entirely satisfied with agreements for broadening and democratizing the governments of Romania and Bulgaria, but expressed hope for a "substantial improvement in the democratic character" of the two regimes.

Glenn Hunter Dies

New York, Dec. 31 (AP)—Glenn Hunter, 49, stage and screen actor, died yesterday after an illness of several months. A native of Highland Falls, N. Y., Hunter was best known for his portrayal of the title role in "Merton of the Movies," a play that was a Broadway success in the early twenties. He spent most of his life here.

Will Serve Luncheon

A buffet luncheon will be served at the Kingston Club on New Year's Day at 12 o'clock noon.

Frozen fruits will soften slowly and evenly if left on an open shelf in the refrigerator over night or for about six hours.

Trucks, effective in July. Special income tax treatment is provided for veterans.

## KRUMVILLE

Krumville, Dec. 31—The Community Christmas program was given December 21, at the church, under the direction of Mrs. Floyd Brown, of Samsonville, and Mrs. Loren Hoyer. The Rev. Merton S. Cady of Olive-Bridge was present and offered prayer.

The next regular meeting of the Ladies-Aid Society is to be held at the home of the president, Mrs. Katie Davis, Friday afternoon, January 18. This will be the regular annual meeting with election of officers.

Mr. and Mrs. John Crispell have moved to Shokan.

Alberta Wager last week spent several days visiting her sister and brother-in-law, Mr. and Mrs. Claude Barringer, at Wawarsing.

Mr. and Mrs. Loren Hoyer entertained at a Christmas dinner John A. Barringer, Lester Barringer, Mr. and Mrs. Ernest Smith, David and Jerry Garfman, Mrs. Florence N. Christiana.

Mrs. Katie Davis entertained for Christmas dinner her children and their families.

Mr. and Mrs. Loren Hoyer had Christmas dinner at the home of Mr. and Mrs. Francis Davenport at Stone Ridge on Christmas day.

Y Will Be Closed

No activities are planned for New Year's Day at the local Y.M.C.A. and it will remain closed as it was Christmas Day. However the Youth Center will hold the usual dances this week on Thursday and Saturday evenings.

Prior to his latest promotion he was the metropolitan New York sales manager.

**Trying to Avert Strike of Electric Workers**

New York, Dec. 31.—Last-minute efforts were being made today to avert a scheduled strike on Thursday of 19,000 Western Electric Company workers in New York and New Jersey.

Jacob H. Mandelbaum, U. S. Conciliation Service Commissioner; H. R. Colwell, regional director of the Conciliation Service, and Henry Mayer, counsel for the Western Electric Employees Association (IWD) conferred yesterday and afterward Mandelbaum said:

"The question resolves itself into a very simple statement. So long as the company takes the position that its proposed 15 per cent wage increase is an unreasonable maximum, the union takes the position that its request for a 30 per cent increase is an irreducible minimum."

The union fixed 11 a. m. Thursday as the hour for the walkout. Joseph E. Beirne, president of the National Federation of Telephone Workers (IND), with which the association is affiliated, said a nationwide sympathy walkout of 450,000 telephone workers was a possibility.

**GRANGE NEWS**

The regular bi-monthly meeting of Ulster Grange 969 will be held Wednesday evening at 8 p. m. in the community hall, Ulster Park.

The feature of the evening will be a talk by Milton Tisler, a recently discharged veteran, who saw service overseas. Mr. Tisler will speak on "World Peace and the Small Community." The members will be invited to participate in the general discussion following Mr. Tisler's talk. Refreshments will be served by the committee in charge.

**After Governor**

Albany, N. Y., Dec. 31 (AP)—Paul E. Fitzpatrick, state Democratic chairman, will take the Dewey administration to task in a radio speech Thursday night. A spokesman for the state committee said yesterday Fitzpatrick would attack Governor Dewey for failing to call a special session of the Legislature to deal with the state's housing shortage. The speech is scheduled for broadcast over a statewide network from New York (WOR 8-8:15).

**Beaches Crowded**

Los Angeles, Dec. 31 (AP)—It's swimming weather hereabouts. Beaches were thronged Sunday. Shirtsleeves were the rule and handkerchiefs in profusion mopped brows as the temperature rose to 89 degrees, hottest December 30 in the 68 years of weather bureau records.

**Two Minor Accidents  
Occur During Rain**

Rain on Sunday and today followed the three-inch fall of snow in Kingston on Saturday, which turned the streets and sidewalks into seas of slush. Moderate winter temperatures prevailed all day Sunday, with thermometers at 8 o'clock this morning registering 33 degrees in the city.

Two automobile accidents were reported to the police department Saturday, in which four machines were damaged, but no personal injuries reported.

The first accident occurred at O'Neil street and Ten Broeck avenue when the auto driven by Rockwell D. Bowers of Hudson was in collision with a truck operated by Rudi Hollenberger of 100 Ten Broeck avenue.

The second accident was at the intersection of Clinton avenue and Maiden Lane when the automobile of Bernard Lockwood of Eddyville, and Beatrice Donnell of Lawrenceville street, collided.

**LaGuardia Proves  
Lamblike in His  
Radio Farewell**

New York, Dec. 31 (AP)—Fiorello H. LaGuardia, who has thundered through 12 years as New York city's chief executive, was as mild as the proverbial spring lamb yesterday in his final radio address of mayor.

LaGuardia explained it still was the Christmas season and therefore he wouldn't say "a lot of things I wanted to say."

The mayor had broadcast Sunday afternoon talks for more than three years over WYEC, the municipal radio station. He has signed to do two commercial broadcasts a week after he leaves office.

Meanwhile mayor-elect William O'Dwyer, who will take office tomorrow, conferred with the new city cabinet and announced the complete roster of the new administration. Among those not previously an-

nounced were City Treasurer—Sperver C. Young, present federal marshal for the eastern district of New York; Commissioner of Licenses—Benjamin Fielding, state executive secretary of the American Labor Party; Commissioner of Public Works—John Spahn, former state motor vehicle commissioner, and Administrative Secretary to the Mayor—Paul L. Ross, former O.P.A. official.

O'Dwyer told the cabinet he was determined the next four years "will be four good years for the people."

He added that "our task will require teamwork and anyone who at the end of three months has failed to satisfy the requirement for membership on this team should turn in his resignation."

## Koreans Stone U. S. Soldiers in Big Three Protest

## Military Orders Curfew to Control Situation; Trusteeship Is Sore Point

Seoul, Korea, Dec. 29 (Delayed) — Korean hotheads fought in the streets of Seoul and threw rocks at American soldiers today in violent protest against the Big Three's five-year trusteeship plan for their country. Rightist speakers addressed a mass meeting which demanded immediate recognition of a Korean provisional government, called for a strike of Koreans employed by the American Military Government, and branded opponents to independence as traitors. In an attempt to forestall more demonstrations against the trusteeship program, announced after the Russian-British-American conference at Moscow last week, American military authorities who control southern Korea ordered an 8 p. m. curfew. There was no report of the Korean reaction to the program in northern Korea, where the Russians are in control. Koreans, craving independence after nearly a half century as a colony of Japan, were inflamed by the Big Three program for a trusteeship by the United States, Russia, Britain and China while Korea learns to walk unaided among nations.

## Queen Elizabeth Sails For England With 1,128

New York, Dec. 31 (AP)—The British Queen Elizabeth sailed for England early today with 1,128 passengers, including four members of the American delegation to the general assembly of the United Nations. The four were Mrs. Eleanor Roosevelt, former secretary of State Edward R. Stettinius, Jr., Senator Tom Connally (D-Tex.), chairman of the Senate Foreign Relations Committee, and Senator Arthur H. Vandenberg (R-Mich.). Stettinius is a permanent member of the Security Council with the rank of ambassador. Alternate delegates among the passengers were Rep. Sol Bloom (D-N.Y.), chairman of the House Foreign Relations Committee, former Postmaster General Frank C. Walker, John Foster Dulles of New York and former Senator John G. Townsend of Delaware. Also aboard were Adm. Richmond Kelly Turner of the Navy general board and Gen. George C. Kenney, commander of the Pacific air forces. They are members of a U. S. military delegation which will confer with Russia, Britain, France and China in London on the projected United Nations armed force to preserve peace.

## Bus Strike Settled

New York, Dec. 31 (AP)—The bus strike which has inconvenienced commuters between New York and many communities in New Jersey and upstate since December 21 was settled today, union and company officials announced. Lines affected were the Manhattan Transit Company and the Westwood Transportation Lines, which operate to Paterson, Bogota, Westwood, Little Ferry and other points in New Jersey, and the Mohawk Coach Lines, which go upstate to Poughkeepsie, Beacon, Newburgh, Bear Mountain and West Point.

## Meters Only Solution

City Manager Joseph A. Fogarty of Newburgh has expressed the opinion that Newburgh's parking problem can never be solved except by the installation of parking meters. The situation is rapidly growing more acute, and present parking ordinances cannot be enforced efficiently under existing methods, Mr. Fogarty asserts.

## Mass for Safety

The Mass for the safe return of men and women in service sponsored by the Catholic Daughters of America, Court Santa Maria, 164, will be held at St. Joseph's Church Wednesday morning at 8 o'clock instead of 9 o'clock.

Small cuts, cracks or scratches in the surface of linoleum may be partly healed by occasionally rubbing with boiled linseed oil. Wipe off excess oil with a soft cloth.

Because confectioners' sugar contains a small amount of corn starch it tends to make clear beverages, like tea, coffee or fruit punch cloudy, but is not noticeable in milk drinks.

**New Zealand Celebrates**  
Wellington, (Tuesday), Jan. 1, 1946, (7 a. m., Dec. 31, E.S.T.) — It's 1946 in New Zealand, and already the people of this predominantly Scottish dominion are celebrating New Year's Day rounds among their friends. Because of its proximity to the international dateline this is the first nation to usher in the New Year. The summer day dawned with folks preparing to go "first footing" — first calling to the homes of friends to drink toasts.

(For Your Scrapbook)  
By DANIEL J. O'CONNOR

**THE NEW YEAR**  
With New Year come to greet the dawn  
We're apt to vision days ahead . . .  
With war and cannonading roar  
Our lives become an even track.  
The boys and girls are coming back  
They fought and lived through bitter strife  
And we who wait, we wait for them  
Now help them and a better life.  
So many times throughout the year  
We'll find a chance to give a part . . .  
Wherever there are those who are  
Just take them all within your heart.  
The New Year smiles upon the earth  
In spite of sorrow pain has wrought . . .  
It's time to wish a better life  
And better for those who fought.  
The New Year dawn to greet the dawn  
Let us not wait for duty's dawn  
Our efforts now must all be true  
For those who struggle "over there".

## Major Carr to Resume Practice

MAJOR FRED S. CARR

Major Fred S. Carr, Medical Corps, United States Army, has recently been discharged from the service and plans to resume his former practice in this city. He joined the Armed Forces in 1942 and spent many months in the western part of the country training medical field units. Major Carr landed in Europe with an Evacuation Hospital Unit during the Dugge Offensive and saw service in Northern France, the Rhineland Campaign, and the Central European Campaign. At the conclusion of hostilities, he served as surgeon for the Hessian District and the Saarland in Germany and as a Special Staff Surgeon with General Hickey as surgeon for the Frontier Security Command between Occupied Germany and the Countries of France, Luxembourg, and Belgium. He was on route from Marseilles, France to the invasion of the Japanese mainland when V-J Day caused the ship on which he was a passenger to turn about from the Caribbean Sea to the Port of Boston. Immediately prior to his discharge he was a member of the surgical staff of the Rhoads General Hospital, Utica, N. Y.

While awaiting renovation of his former offices at 17 Pearl street, Major Carr expects to spend a brief vacation in Florida, after which he will resume his practice of medicine and surgery on or about January 15.

**Courses Suspended**  
Tokyo, Dec. 31 (AP)—General MacArthur today ordered the suspension of three Japanese school courses utilized most effectively for spreading militaristic ultranationalism and the confiscation of all textbooks and teachers manuals used for them. The order, which affects all schools in Japan, implemented recent abolition of state Shinto. It specified that Japanese history, geography and morals—roughly equivalent to American classes in civics—will be suspended until headquarters approves their resumption.

**File Certificates**  
Salvatore Spadaro of 112 Main street, Napanoch, has filed a certificate with the county clerk stating he is discontinuing business at that address under the name and style of Napanoch Liquor Store and Charles Frischling of 87 1/2 Center street, Ellenville, has filed a certificate that he is continuing the business in Napanoch.

**Will Include 'Nuts'**  
Brussels, Dec. 31 (AP)—The coat of arms of the war-torn Belgian town of Bastogne will bear the word "Nuts," the caustic reply given the Germans by Maj. Gen. Anthony C. McAuliffe when asked to surrender his U. S. 101st Airborne Division during the Battle of the Bulge last winter.

**Days of Pompeii at Y**  
Wednesday at 7:30 p. m., members of Chi Alpha, high school society, will sponsor the motion picture "The Last Days of Pompeii" at the Y.M.C.A. The public is invited. A very nominal charge of admission will be made.

**Will Abandon Fort**  
Niagara Falls, N. Y., Dec. 31 (AP)—Historic Fort Niagara will be abandoned as a U. S. Army post at midnight tonight after 219 years as a military establishment and 130 years of almost constant use by United States soldiers. Col. Herbert D. Forrest, commandant, said the property will be turned over to the custody of the Army's District Engineers to await final disposition. Most of the land at the fort was decided to the Army by New York state with the stipulation that if it were ever abandoned to the state, what eventual use will be made of the property must be decided by state officials.

**Admiral Stark Called**  
Washington, Dec. 31 (AP)—The Pearl Harbor Committee called Admiral Harold R. Stark to the stand today amid indications he might be the last witness before a recess to pick new counsel. The 1941 chief of Naval operations was prepared to present his side of the argument over who was to blame for the naval disaster with a 25,000 word statement.

**Identical Cars Give Trouble to Troopers**  
A mix-up involving two 1935 Ford coaches parked at the Wallkill House in Wallkill, Sunday night, gave State Police at the Highland Barracks a busy time for a while. Guernsey Freer of Wallkill, left the place and found his Ford coach gone. He reported his car stolen and the State Police began an investigation. Meanwhile Peter Hall of Montgomery, who had parked his Ford car at the Wallkill House, drove off home in a Ford coach which later turned out to be that of Freer. The cars were identical, even as to color and both drivers had left the keys to the car in the lock. Later the matter was straightened out by the Troopers and both men got their cars back.

## Over 400 Members In Kingston Post

### Local Legion Post Is in Good Financial Condition

The growing interest in the American Legion is reflected in the increased membership of Kingston Post, 154 American Legion when the Membership Chairman Lester Barth reported at the last meeting a membership of over 400 with over 150 of them veterans of World War II.

The meeting was presided over by Commander Samuel H. Poyer, who has so far recovered from his recent illness to successfully guide the Post through its year's activities. The Post is in splendid financial condition as the result of the outstanding Victory-Ball engineered by Vice-Commander Henry Fisher and Past Commander Roedel.

It was voted at this meeting to purchase an oil burner and an enlarged hot water heating unit to give added water for shower baths. A committee consisting of William T. Roedel, chairman; Clarence E. Brown, Thomas Bohan, Morton Finch and Andrew

Murphy was appointed with power to arrange for it.

It was also voted to purchase a new typewriter for the office. Past Commander Roedel reported that the Post has a hospital bed which is not in use at the present. Any one needing it please communicate either with him or Lester Barth, at the Legion Building.

The feature of the meeting was given by Lieut. Col. Bernard A. Culliton on the work of the Allied Military Government during the war. He stressed the important part played by this branch of the allied military structure in setting up the governments in the occupied countries. His address, the highly informative address was well received by the large gathering of Legionnaires present. Plans for the next meeting were announced which will be a reception to all returned service men at the New York State Armory, Friday evening, January 18. The play which entertained the Legionnaires after World War I and which was such a huge success will be repeated on that occasion. The Post is planning on making it a gala evening for all who attend.

New Year's Different  
Los Angeles, Dec. 31 (AP)—Christmas may not have been so

merry for the thousands of veterans who had to spend it far from home because transportation was unavailable to move them out of southern California, but New Year's apparently will be different. Harassed port of embarkation officials disclosed today that incoming vessels were being unloaded immediately upon arrival and veterans sent directly to camps for processing.

## Board of Review Will Weed Out Those Incompetent

Albany, N. Y., Dec. 31 (AP)—A board of review appointed by Governor Dewey set out today to make the state's veterans' counselors service more efficient. The board is under orders from the governor to weed out the incompetent and to promote to supervisory positions the more able among the 200 counselors employed by the state to help its 1,500,000 service men and women in their transition from military to civilian life. Counseling veterans is one of

the basic services rendered by the state's new division of veterans' affairs, established this year. The counselors themselves are veterans and they attended a special training school in Albany.

### Soldiers Name F.D.R.

Manila, Dec. 31 (AP)—The late President Roosevelt was named "Man of the Year" today in a poll conducted among soldiers in the Western Pacific by the army daily, The Pacific Daily.

In the vibrant red of the poinsettia—traditional flower of the New Year's season—is reflected our bright hope that 1946 carry to you all the precious things you've long wished for. And with a cheerio we repeat that grand old greeting: **HAPPY NEW YEAR!**

### RESOLUTIONS:

- 1.—To give quicker and more efficient roofing service. (We now have more help and fully expect materials will be easier soon).
- 2.—To have one of the largest local stocks of roofing, siding, and metal products, as material becomes available.
- 3.—To continue applying better grade roofs.
- 4.—To continue doing large or small jobs with the same individual attention.
- 5.—To make this entirely local roofing and metal company worthy of our slogan "Kingston's Roofers."

We wish again to thank our many friends and customers for the numerous calls we had in 1945 — please keep it up. May you all have a Very Healthy, Happy and Prosperous New Year.
